# The Only Choice

**A heritage of quality.** That's what Perlick brings to the luxury lifestyle. With over 90 years of expertise honed in the commercial realm, our products grace the finest restaurants, resorts, stadiums, arenas and hotels in the world. That same commitment to quality is evident in each of the products you'll find in this design guide: the elements that help you create the quintessential home entertaining experience.

January 1, 1917 — Robert Perlick and his son Walter open the doors of R. Perlick Brass Works.

February 14, 1920 — R. Perlick Brass Co. is incorporated.

1921 — Perlick introduces its first product – Battery terminal.

1922 — Perlick introduces its second product – Window anti-rattlers for automobiles.

1925 — Perlick adds keg fittings to its product offering per the direction of newly hired Fred Seidlitz.

Circa 1933 (early post-Prohibition years) — Perlick adds a refrigeration department to aid in transition of cooler boxes cooled with ice to mechanical refrigeration.

October 2005 — Perlick Residential Products established and introduced its Signature Series line of 24- and patented 48- and 72-inch refrigeration units.

January 2008 — The 24-inch C-Series line is added to Perlick Residential Products' offerings.

February 2008 — The 15-inch Signature Series is introduced. This includes the Industry's first 15-inch Refrigerator Drawers and Beer Dispenser.

February 2009 — The Signature Series collection is redesigned to feature a fully integrated aesthetic, interior digital display and new models are introduced. Perlick also launches the company's first ever 24-inch ADA-Compliant collection of products.

"Build the best product you can. A poorly made product is expensive at any price. Do not listen to those who would have you build something cheaply. Be honest with yourself, your customers and your fellow man. Only a few black marks will soil a good name and reputation. Remember these things always."

— Robert Perlick, 1925

# Tradition

Since its inception in 1917, the Perlick Corporation has evolved into the premier supplier of Bar and Beverage Dispensing equipment in the industry. Perlick equipment can be found in restaurants, hotels, stadiums, theme parks, breweries and the finest homes worldwide. Headquartered in a 300,000-square-foot manufacturing facility in Milwaukee, Wisconsin, Perlick operates with two divisions: Commercial Products and Residential Products.

Perlick's Commercial Products include Bar and Beverage Equipment, Tapping and Brewery Fittings. The Bar and Beverage group manufactures equipment used in the bar environment to include remote beer systems, refrigerated and non-refrigerated cabinets, stainless steel underbar equipment, glasswashers and the revolutionary modular bar structure which completes the bar package. Perlick's Tapping group manufactures beer faucets, keg couplers and other beer dispensing components. The Brewery Fittings department is responsible for stainless steel and brass fittings which are used in the brewing process.

In October 2005, Perlick's Residential Products group redefined the residential undercounter refrigeration market with its industry exclusive features and designs. Perlick's collection of residential products comprises a variety of free-standing and built-in, single- and multi-compartment Freezers and Refrigerators (with doors or drawers), Wine Reserves, Beverage Centers and Beer Dispensers. Available in 15-, 24- and patented 48- and 72-inch widths, Perlick residential refrigeration products have clearly set the bar in luxury home entertaining.

### **Strong, yet elegant Door Pulls**

Sturdy and attractive design run full height of door for convenience on a busy night.

### **Recessed, UV protected lighting**

Light is recessed into the ceiling to prevent accidental contact with goods. Also hides the bulb for a more elegant look.

### **State of the art control modules**

A discreetly located module for each temperature zone.

### **2-inch thick insulation**

Pressure-foamed to be more uniform. Adds strength and efficiency to the cabinet.

### **Adjustable height, full-extension pullout shelving**

Vinyl protection and commercial-grade slides provide an unmatched solution in convenience and reliability.

### **All stainless steel interior**

The elegant look of the outside, continues to the inside for a sanitary, aesthetic vantage.

### **Variable speed compressor**

Provides optimal efficiency and performance with considerably less noise.

### **Patented technology**

Allows multi-compartment cooling from one compressor, increasing usable space, energy efficiency and single unit convenience.

### **Low-E tempered glass**

Argon gas-filled, bronze-tinted glass provides UV Light protection to goods inside.

**Commercial grade,  
laser-cut hinging**

A level of precision that ensures strength and a straight hang of the door.

**Extra-wide magnetic gasket**

Produces stronger seal between door and unit for better, more efficient cooling.

**Doors and drawers that readily accept a fully integrated wood panel.**

To seamlessly integrate with surrounding cabinetry, wood accepting overlay kits for any door or drawer (including glass) accept wood panels from your cabinetmaker built to Perlick specifications. Replaces stainless steel doors by Perlick.

**Optional Drawer Available**

Provide a stylish alternative to storing larger, heavier, more off-shape goods. Deep enough for a milk gallon, or Corona bottles, with 200-pound capacity.

# Innovation

- Glass door with food refrigeration
- Commercial hinges
- Full-extension Martini Glass Chiller Rack
- 24" Freezer Drawers
- Outdoor Refrigerator
- Outdoor Beverage Center
- Outdoor Freezer
- Outdoor Wine
- Outdoor 48" Beer Dispenser
- Outdoor 48" Refrigerator
- 2 & 3 Faucet Dispenser
- 15" Refrigerated Drawers
- 15" Beer Dispenser
- Zero Clearance Hinges
- "Convertible" door design

# Signature Series

It's the pinnacle of luxury home entertaining — made elegant and easy by Perlick's Signature Series. All Signature Series products are designed and crafted to look and perform better than any other alternative. Perlick is the only company to present you with multi-zone undercounter refrigeration. Available in 24-inch, 48-inch and 72-inch configurations, while allowing you to choose the size and configuration of your undercounter refrigerated cabinet to best accommodate your entertaining needs. In addition, only Perlick products offer unique features like the variable-speed compressor, which delivers unparalleled temperature uniformity, energy efficiency and quietness. Perlick is also the only company to provide you with innovations such as vinyl-coated full-extension shelving with guard rails; stunning commercial-grade stainless steel interiors; genuine multi-zone temperature control; three-tap beer dispensers; first-of-their-kind outdoor-rated products; vinyl-coated racks for chilling martini glasses and beer mugs and the power of 300 to 1,985 Btu. All of which translates to an entertaining experience that's certain to make a lifelong impression on you and your guests.

# 15" Signature Series

**They Say Good Things Come In Small Packages** and Perlick Corporation is poised to prove this with its line of luxury undercounter refrigeration that is a mere 15 inches wide. The new 15-inch Signature Series from Perlick features the world's first 15-inch Beer Dispenser and world's first 15-inch Refrigerator Drawers. Also included in this line is a Refrigerator, Beverage Center and Wine Reserve. The entire 15-inch Signature Series is available in both indoor and outdoor models.

- Designed with fully integrated depth to allow flush fit with cabinetry
- Zero-clearance hinging allows for abutment with cabinetry
- With 3/4-inch wood overlay, the unit will stand flush with cabinetry
- Best in Class 700-Btu commercial-grade compressor
- Front-vented, forced air refrigeration system
- Industry exclusive commercial-grade stainless steel interior
- Industry exclusive convertible door design allows all doors to be converted to wood overlay from stainless steel
- Low-E, UV-coated glass provides industry leading insulation and protection

# Clear Ice Maker

H50IMS-L	15" clear ice maker with solid stainless door — left hinge
H50IMS-R	15" clear ice maker with solid stainless door — right hinge
H50IMW	15" clear ice maker with solid wood overlay door

Measuring a mere 15 inches wide, the Perlick Clear Ice Maker can create 55 pounds of crystal-clear ice in a single day (and stores 27 pounds), fulfilling even the most generous home entertaining needs. The distinctive top hat shape of each cube is more than just attractive: The shape is part of Perlick's method in ensuring that each cube is absolutely free of impurities, for a flawless look and taste. This unique shape also prevents the ice from clumping, guaranteeing that you always serve your guests with the perfect beverage every time.

- Produces up to 55 pounds of ice per day and stores up to 27 pounds of ice
- UL approved for outdoor use
- Quiet, efficient operation
- Optional drain pump
- Elegant stainless steel door and polished handle
- Built-in filter

# Ultra Lounge

With a full range of professional-grade equipment designed to cater to your inner mixologist, only Perlick provides the luxury of creating the Ultra Lounge in your home. The timeless, commercial-style design of these products, crafted of durable, commercial-grade stainless steel, imparts a sense of elegance matched only by its utility — for these are bona fide performers, capable of transforming your home into an entertaining destination.

# Signature Series Outdoor Products

**Perlick goes Beyond the Interior of the Home** and redefines outdoor entertaining with its luxury line of outdoor products. Finished in beautiful stainless steel and UL approved for outdoor use, Perlick's outdoor line features variable speed compressor that allows all of the units to maintain its desired temperature in any type of environment. The first to offer a glass door refrigerator, freezer and wine reserve for outdoor use, Perlick's line also includes refrigerated drawers, freezer drawers, beverage centers and beer dispensers in 15-, 24- and patented 48-inch configurations.

- Available in 15-inch, 24-inch and patented 48-inch undercounter refrigerator configurations
- Designed with fully integrated depth to allow flush fit with surrounding cabinetry
- Commercial-grade stainless steel interiors and exteriors
- Interior digital temperature control and display
- Variable speed compressor provides precise temperature control and energy-efficient cooling — a Perlick exclusive!
- Vinyl coated full-extension shelving glides out beyond the cabinet for easy access to contents
- Two-year full warranty on complete unit — additional four-year limited warranty on the sealed refrigeration system
- Two-inch thick walls provide superior insulation and minimize vibrations
- Door locks prevent unwanted access
- Glass doors offer full UV protection
- UL approved for outdoor use

24" Freezer Drawers, UL-approved for outdoor use

# C-Series

Perlick Corporation revolutionized luxury home entertainment when it first parlayed its over 90 years of commercial expertise into a category-redefining line of undercounter products for the home. Now, Perlick shatters industry preconceptions yet again with the introduction of its all-new C-Series line of undercounter refrigeration products. The models of the Perlick C-Series include Refrigerators, Beverage Centers and Wine Reserves.

# 24" C-Series

**Perlick's C-Series Refrigerator** is available with the option of a stainless steel door, UV-coated glass or a wood overlay kit to blend into surrounding cabinetry. The C-Series, 24-inch Refrigerator is rated for both food and beverage storage with a temperature of 33 to 39 degrees F.

- Commercial-grade stainless steel interiors
- Interior temperature control and light
- Powered by a whisper-quiet, commercial-grade compressor with a 700-Btu output
- Full-extension pullout shelving makes finding items and restocking your refrigerator easy — Perlick exclusive
- Stainless steel ball bearing glides provide smooth movement of shelves
- Refrigerator rated for both food and beverage storage
- Designed with fully integrated depth to allow flush fit with surrounding cabinetry
- Zero-clearance hinging allows for abutment with surrounding cabinetry
- Glass doors offer full UV protection
- Optional wood overlay door kit will stand flush with cabinetry
- Convertible door design allows all doors the ability to be converted to wood overlay from stainless steel
- Low-E, UV-coated glass provides industry leading insulation and protection
- Two-inch thick walls provide superior insulation and minimize vibrations
- Reversible swing door
- Refrigerator temperature 33 to 39 degrees F

HC24RB-1R

HC24RB-3L

**C-Series Wine Reserve** For the serious wine connoisseur, Perlick offers its C-Series Wine Reserve. The 24-inch unit features five full-extension shelves that will store 40 bottles of wine and there's even room for five additional bottles under the shelves. In addition, all of the C-Series Wine Reserves feature vinyl-coated full-extension shelving that prevents shifting and slippage of the stored bottles; and glass doors that protect varietals from ultraviolet light while displaying the contents of the undercounter wine storage cabinets in all their beauty.

- Commercial-grade stainless steel interiors
- Interior temperature control and light
- Wine Reserve construction eliminates vibration transfer to reserve
- Powered by a whisper-quiet, commercial-grade compressor with a 700-Btu output
- Full-extension pullout shelving makes finding items and restocking your Wine Reserve easy — Perlick exclusive!
- Shelves are removable and adjustable to accommodate oversized (magnum) bottles
- Stainless steel ball bearing glides provide smooth movement of shelves
- Designed with fully integrated depth to allow flush fit with surrounding cabinetry
- Zero-clearance hinging allows for abutment with surrounding cabinetry
- Glass doors offer full UV protection
- Optional wood overlay door kit will stand flush with cabinetry
- Convertible door design allows all doors the ability to be converted to wood overlay from stainless steel
- Low-E, UV-coated glass provides industry leading insulation and protection
- Two-inch thick walls provide superior insulation and minimize vibrations
- Reversible swing door
- Wine Reserve temperature 40 to 65 degrees F

**C-Series Beverage Center** As every home entertainer knows, different beverages have different storage requirements. Perlick's C-Series 24-inch Beverage Center, features three vinyl-coated, full-extension shelves. The two top shelves are wine racks which can accommodate 16 bottles of wine and the third shelf is perfectly equipped to store a variety of beverages.

- Commercial-grade stainless steel interiors
- Interior temperature control and light
- Powered by a whisper-quiet, commercial-grade compressor with a 700-Btu output
- Three vinyl-coated, full-extension shelves: two top shelves are wine racks and third shelf can accommodate a variety of beverages
- Designed with fully integrated depth to allow flush fit with surrounding cabinetry
- Zero-clearance hinging allows for abutment with surrounding cabinetry
- Glass doors offer full UV protection
- Optional wood overlay door kit will stand flush with cabinetry
- Convertible door design allows all doors the ability to be converted to wood overlay from stainless steel
- Low-E, UV-coated glass provides industry leading insulation and protection
- Two-inch thick walls provide superior insulation and minimize vibrations
- Reversible swing door
- Beverage Center temperature 36 to 48 degrees F
